

Pioneer Region serving rules for 10U and 11U year old girls
(See 10U serving rule below).

11 year old athletes will serve from the normal serving line.

- The 10U divisions will have a serving line located 6'6" inside the normal serving line. Site directors will put down a taped serving line or at least hash marks on the side lines to identify this area. Understand that there is to be no emphasis on foot faults for this age group. We are searching for a fair rule that will aid in the development of these young players. If by chance, this distance is not lenient enough for the two teams competing in the match, they can approach the official to allow more leniency on the service line. This would involve both coaches agreeing to this and would have to be done on a match by match basis.
